

# MVP™ 2000 (ArmaDLock)

## Function

MVP™2000 (ArmaDLock) was designed to fortify the security of commercial vehicles, in particular, those carrying goods and equipment. Simple to install and use, ArmaDlock fits almost any type of vehicle door, both rear and sliding.

## Applications

Using a Hasp locking system, MVP™2000 is applied to commercial vehicle cargo compartment doors and can be used for other applications with similar needs or structure, for example: entrance doors (single or double), electrical cabinets etc.

## Options

- Dust cover
- Keyless locking – push to lock
- Robust aluminum lock structure
- Two versions:
  - For vehicle rear doors (also applicable to any hinged door)
  - Side sliding doors

## Material

Body: high precision aluminum

Bolt: 12 mm alloy steel

## Cylinder mechanism

Mul-T-Lock's unique, high precision pin tumbler system.

## Keys

Reversible nickel silver key with plastic key head and colored insert for identification.

## Cylinder options

- MTL™300, MTL™400, MTL™600, MTL™800
- Keyed different
- Keyed alike
- Master keyed
