High Security cylinder protector

More and more security door manufacturers are becoming our regular customers, purchasing our new models of multipoint locks. To meet their requirements we now introduce a set of High Security cylinder protectors for Euro cylinders.

This new protectors come with massive M8 bolts to fit a wide range of doors, with door thicknesses of 50 to 75 mm.

The product is made of hardened steel and has a hardened anti-drill rotating disk. It is available in four finishes:

- Bright chrome – P/N 51244911
- Satin chrome – P/N 51244910
- Bright brass – P/N 51244909
- Brushed nickel – P/N 51244917

As this product mainly targets PEU & OEM customers, it is supplied in boxes of 10 each – all with the same finish.

Each box also includes 28 M8 bolts:

Quantity	Size	Door thickness range
4 (2 pairs)	M8X65	50 to 55 mm
20 (10 pairs)	M8X75	60 to 65 mm
4 (2 pairs)	M8X85	70 to 75 mm

Additional bolts can be ordered sparely – but being of a common standard, they can also be purchased locally in each and every market.
