INTERACTIVE⁺ *Metal head keys*

Further to the information delivered on our online 236, we are now ready to receive orders for "All nickel silver" key blanks for the **INTERACTIVE⁺** line!

As you know we offer locksmiths, institutions and OEM customers, coined keys having their name/logo on one side and Mul-T-Lock on the other side.

The design of the new key head remains the same as the well known - Interactive all Nickel Silver key blank with **INTERACTIVE⁺** logo added to the coining.

Customers who already have their own coined keys – can continue to order key blanks with their logo in the new design - new part numbers will be set up as per orders placed in the system for boxes of 50.
