Update to Mul-T-Lock Modular System Design

In response to customer's feedbacks, we are pleased to inform you of a significant updates to the design of our Modular Euro profile cylinder solution.

1. A New Modular Bar (Connector) design

Reviewing the Modular solution, we came up with a new modular bar (connector) design made of single solid part (stainless steel - AISI 303).

It improves the modular strength, providing the solution with higher pulling resistance as well as higher corrosion resistance.

Together with an impressive appearance, relatively to the previous bar, it perceived with higher security.

The new bar is fully compatible with all existing modular components.

New P/N's are available as shown in the below table. Existing P/N's will be blocked for orders once stock ends.

84401100	1-1
84401101	1-2
84401102	1-3
84401103	1-4
84401104	1-5
84401105	1-6
84401106	1-7
84401107	1-8

84401108	2-2
84401109	2-3
84401110	2-4
84401111	2-5
84401112	3-3
84401113	3-4
84401117	3-5
84401114	4-4
84401115	4-5
84401116	5-5

PRODUCT UPDATE

2. Modular Integrator cylinder

In light of the demand, we have designed Integrator modular bodies (31/ 35/ 75³), addressing special cylinder length requirements from the market based on the Integrator technology.

Request for Integrator special dimension will provide assembled from Mul-T-Lock factory at this stage.

Below are PN's as a reference:

51296219	MODULAR BODY INTEGRATOR SIDE 31 NST LOADED FOR SALE
51296218	MODULAR BODY INTEGRATOR SIDE 35 NST LOADED FOR SALE
51291847	MODULAR BODY INTEGRATOR SIDE 75 NST LOADED FOR SALE

Note, all components in Mul-T-Lock "modular service kit" are compatible with the new Integrator Modular addition.

3. A New Size Modular bodies – 75mm length is being added.

This new Modular body length (75mm) will allow the creations of up to 120 mm side – which means a double cylinder of up to 240mm (120X120) long, capturing new opportunities.

Requests above 120mm per side will still be produced by us on special order basis. All requests for cylinders up to 120mm per side should be handle based on the above modular solution by the customers.

Below are PN's as a reference:

51288020	MODULAR BODY CLASSICPRO/INTERACTIVE+ SIDE 75 NST S/P LOADED FOR SALE
51287286	MODULAR BODY MT5 SIDE 75 NST LOADED FOR SALE

*Contact your marketing coordinator for additional Modular bodies' options
