Improved MT5 Center Body Pin

We would like to update you on recent change related to our MT5 center body pin. The center body pin for MT5 key system modified into Spool shape in the last chamber in order to better protect last chamber and provide higher resistance against manipulation attempt using counterfeit keys.

Old

New

This new version pin will soon be in use and will not be reflected by **changes** in any of the part numbers related to this pin. Only version changed.

You can use old version pin whether you have it in your stock, until stock ends.
