MVP 52 EOL (End Of Life)

The MVP 52 is part of our vehicle protection portfolio for approximately 30 years, with great world-wide success, tenths of thousands installed vehicles and many different lock configurations.

Unfortunately, during the last years, quantities and demand has decreased dramatically, bringing us to the final decision of stopping the MVP52's production.

We will try our best to supply any opened orders. Our team will update you accordingly.
